

YOUSSEF MILAD

JUNIOR FRONTEND DEVELOPER

Cairo, Egypt | 📞 +20 1274223800 | miladyousef019@gmail.com | github.com | linkedin.com

SUMMARY

Enthusiastic and detail-oriented Junior Frontend Developer with a strong foundation in React.js, JavaScript (ES6+), and Tailwind CSS. Experienced in building responsive, performant, and user-centric web applications. Seeking an entry-level role where I can contribute to innovative frontend projects and grow as a software engineer.

PROJECTS

E-Commerce

- Built a dynamic e-commerce frontend architecture using React.js, and Tailwind CSS.
- Managed application routing using React Router for a smooth single-page application.
- Integrated RESTful APIs to display dynamic product listings, categories, and catalog filtering mechanisms.
- Demo: [online-shop](#) | Repository: github.com/online-shop

Healthcare Platform

- Developed a responsive healthcare web application using React.js and Tailwind CSS.
- Created dynamic forms with state management for interactive appointment scheduling across mobile and desktop.
- Implemented scroll-triggered animations using custom Intersection Observer API hooks to enhance UI engagement.
- Demo: [MediTro](#) | Repository: github.com/meditro

Travel Booking App

- Developed a responsive travel booking web application utilizing React.js, Vite, and Tailwind CSS.
- Built dynamic accommodation showcases using Swiper.js sliders for smooth category exploration and interactive UI feedback.
- Implemented structured component architecture for housing listings, filters, and booking layouts tailored for mobile and desktop screens.
- Demo: [Booking.com](#) | Repository: github.com/Booking-app

Open Library App

- Built an interactive digital library application using React.js, Vite, and Tailwind CSS.
- Integrated the Open Library REST API to fetch and render real-time book search results, authors, and cover images.
- Implemented debounced search inputs and dynamic pagination to optimize UI rendering and API call efficiency.
- Demo: [open-library](#) | Repository: github.com/Open-library

SKILLS

- **Languages** JavaScript (ES6+), HTML5, CSS3
- **Tools/Frameworks** React.js, React Router, Tailwind CSS, Vite, Git, GitHub, Vercel, npm
- **Other Skills** Responsive Web Design, Single Page Applications (SPA), REST APIs, UI Responsiveness, Performance Optimization

EDUCATION

Faculty of Commerce, Cairo University

- GPA: 3.0, Relevant Courses: Management Information Systems (MIS), Web Development, Business Analytics, Database Management Systems
